A hand-drawn diagram of a cell. The cell is roughly rectangular with a wavy, irregular border. Inside, there are several labeled organelles: a large, dark, oval-shaped nucleus at the top left; a large, light-colored, oval-shaped vacuole at the top right; a large, light-colored, oval-shaped mitochondrion in the center; a large, light-colored, oval-shaped chloroplast at the bottom left; a large, light-colored, oval-shaped Golgi apparatus at the bottom right; and a large, light-colored, oval-shaped lysosome at the bottom center. The labels are written in a simple, handwritten font. The background is white.

[illegible]
